(Special to The Evening World.) WASHINGTON PARK, July 22.Bargain Day is usually a red-letter occasion for the grasseaters of this burg. but they gave the go-by to this afternoon's double-header with the Phillies. They would rather throw up a fourround tussle with the Quakers for one price of admission and a picture of angel-face Hughey thrown in than miss the first game of the season between the Superbas and McGraw's new Glants. That meeting is scheduled for to-morrow and the fans of Trolleyville are saving their quarters to get in on the ground floor and whoop it up for the Superbas against the Harlemites who

The First Game. Both teams had their batting clothes on in the first game. Both scored one run in the first inning. Brooklyn gathe.ci another in the third and the Quakers hammered out two in the fourth, taking the lead. In the sixta Brooklyn talled another. The supernss won the game in the lucky seventh, lining out four fat solves. Philadelphia died hard, scoring two more in their last raily in the eighth inning.

OLD DR. GRINDLE.

Parents It is the right of every child to be well born, and to the parents it must look for

health and Responsibility happiness. How inconceivably great is the

parents' responsibility, and how important that no taint of disease is left in the blood to be transmitted to the helpless child, entailing the most pitiable suffering, and marking its little body with offensive sores, catarrh of the nose and throat, weak eyes, glandular swellings, brittle bones, white swelling and deformity. How can parents look upon such little sufferers and not reproach

themselves for bringing so much misery into the world? If you have any disease lurking in your system, how can you expect well developed healthy children? Cleanse your own blood and build up your health and you have not only enlarged your capacity for the enjoyment of the pleasures of life, but have discharged a duty all parents owe to posterity, and made mankind healthier and happier. There is no remedy that so surely reaches deep-seated, stubborn

blood troubles as S. S. S. It searches out even blood troubles as S. S. S. It searches out even hereditary poisons, and removes every taint from the blood, and builds up the general health. If weaklings are growing up around you, right the wrong by putting them on a course of S. S. S. at once, It is a purely vegetable medicine, harmless in its effects, and can be taken by both old and young without feer of any taken. and can be taken by both old and young without fear of any bad results.
